Using reliable and battery-saving Bluetooth® 5.1 wireless technology, create a clutter- and cable-free, multi-device connection with the outstanding design of this keyboard. Its weighted construct creates a stable foundation, while the phone and tablet slot runs the entire width of the keyboard with ample space for your smart devices.

For an added benefit, this keyboard features Targus DefenseGuard™ Antimicrobial Protection, which creates a cleaner surface and works continuously to protect the keyboard by preventing the growth of microorganisms. Unlike topically applied sprays, DefenseGuard™ keyboards are treated with an antimicrobial additive that does not wear off and lasts for the life of the product.

\*Antimicrobial protection is limited to the device itself. This keyboard has been infused with an antimicrobial additive. Active ingredient: Silver Phosphate Glass (nano-). EPA Est/ 99234-CA-1
